Let the People Speak.

MANHATTAN, KAN., April 8, 1873. R. V. Pierce, N. Y.: Favorite Prescription has done my wife a world of good. She has taken nearly two bottles and has felt has taken nearly two bottles and has felt better the past two weeks than at any time in the past two years. No more periodical pains; none of that aching back or dragging sensstion in her stomach she has been accustomed to for several years. I have so much confidence in it that I would be perfectly willing to warrant to certain customers of ours who would be glad to get hold of relief at any expense. I have tried many Patent Medicines, but never had any oc asion to exist one before.

Very truly yours.

GEO, B. WHITING.

Mrs. E. R. Dally, Metropolis, Ill., writes, Jan. 9th 1873; "Dr. R. V. Pierce-My sister is using the Favorite Prescription with great benefit."

MARY ANN FRISHIE, Lehman, Pa., writes, May 29, 1872; "Dr. R. V. Pierce-What I have taken of your medicine has been o more benefit to me than all others and hun-dreds of doctors' bills."

AN EDITOR WRO IS DEAF .- We though everybody in the state knew that we are deaf, but once in a while we find one who is not aware of the fact. A female bookpeddler came to the office the other day. She wished to dispose of a book. She was alone in the world, and had no one to whom she could turn for sympathy or assistance; hence we should buy her book. She was unmarried and had no manly heart into which she could pour her sufferings, therefore we ought to invest in her book. She had received a liberal education and could talk French like a native; we could not, in consequence, pay her less than \$2 for a book. We had listened attentively and here broke in with; "What did you say? We're deaf." She started in a loud voice and went through her rigmarole. When she had finished we went and got a roll of paper, and made it into a speakingtrumpet, placed one end to our ear, and told her to proceed. She nearly broke a blood vessel in her effort to make herself heard. She commenced: "I am alone in this world-." "It doesn't make the slightest difference to us. We are a husband and father. Bigamy is not allowed in this state. We are not eligible to proposals." "Ob, what a fool the man is," she said in a low tone; then at the top of her voice, "I don't want to marry you, I want to sell-a-b-o-o-k." This last sentence was howled. "We don't want a cook," we remarked blandly; our wife does the cooking, and she wouldn't allow as good-looking a woman as you to stay in the house five minutes. She is very jealous." She looked at us in despair. Gathering her robes about her, giving us a glance of con-tempt, she exclaimed "I do believe that If a 300-pounder were let off alongside that deaf fool's head he'd think somebody was knocking at the door," You should have heard her slam the door when she went out. We heard that, -Santa Clara (Cal.)
